COURSE
1 SESSION
PER WEEK

ARE YOU WANTING A CAREER IN SOCIAL MEDIA MARKETING?

PLEASE ENQUIRE ON OUR NEXT STARTING DATES

The aim of this course is to encourage you to think about working life and identify your transferrable skills learned from social media, content creations and video gaming. The course covers the benefits of going to work and holding realistic dreams and exploring career paths that your skills would work for. Also covers the anxieties around working and how the online career could be possible way to work that suits you. Working for yourself could be the answer.

 Understand the digital world and online media (what can you do online)

 Identify transferrable skills for work (gaming, content creation and social media)

 Explore the benefits of working and need to earn money

 Identify the barriers and limitations of the 'dream job' (confidence, motivation, quality and skills)

 Exploring Self Employment Opportunities
